North Central Wisconsin Healthcare Emergency Readiness Coalition  
NCW HERC Hospital Meeting  
12 May 2021, 1300-1430

- **WISCOM Update**
  - Region 7 will be starting the rollout
  - WISCOM factsheet was shared last week
  - Current systems are failing, so DHS has purchased Type 1 radios to replace Type 2 radios that are failing
  - For facilities that have a Type 2 counsel, you may need some new cables, etc. Additional costs or maintenance will be up to the facility
  - Need to sign a service agreement that you are opting in for the Type 1 radio; if the radio breaks, the costs will be up to the facility
- **EMTrack Update**
  - Identified some agencies to start using system in June
  - Working to be able to track patients from the scene of accident and then throughout the system

For questions contact Katherine Johnson at [katherine.johnson@dhs.wisconsin.gov](mailto:katherine.johnson@dhs.wisconsin.gov)

- **eICS Update**
  - Can toggle between eICS, EMResource and EMTrack
  - Will be 7 “facilities” for each region, plus one for the state
  - Robbie and designated administrators can initiate an incident in our region
  - System helps with HSEEP compliant AARs and Improvement plans
  - eICS preloads 15 planning scenarios into the system
    - Once scenario is chosen, objectives and tactics will be automatically activated into the system
    - IAP would be created for you
  - Can “share” exercise or incident with other regions so they can access documents
  - HERC Coordinators and administrators will be receiving training next week
  - End user training for hospital partners will come next, with other partners to follow
  - System is for the regional level unless a facility has their own eICS license

North Central Wisconsin Healthcare Emergency Readiness Coalition  
 NCW HERC Hospital Meeting  
 12 May 2021, 1300-1430

	<ul style="list-style-type: none"> <li>• If your region is activated, everyone in region will be notified</li> <li>• Robbie, Michael Fraley and Joshua Englund will be administrators for our region</li> <li>• Aspirus System has already purchased eICS and is using</li> </ul>	
<p><b>7. COVID Response</b></p>	<ul style="list-style-type: none"> <li>• Metric Monitoring           <ul style="list-style-type: none"> <li>○ Averaging 45 new cases/day</li> <li>○ Seeing approx. 5 new daily COVID admissions</li> <li>○ Averaging less than 1 COVID death/day</li> </ul> </li> <li>• Anticipate WI vaccinating 12-15-year old's next week</li> <li>• Ventilator Stewardship Program           <ul style="list-style-type: none"> <li>○ If your hospital is interested in participating, contact state as identified in document shared</li> </ul> </li> <li>• Vaccination in Emergency Department or Urgent Care settings noted as a best practice           <ul style="list-style-type: none"> <li>○ Can vaccinate patient and family members; monitoring can easily be done</li> </ul> </li> <li>• Antigo has seen an uptick in COVID patients recently</li> </ul>
